**CONSERV SG82 Solid Sour Softener** is a unique fabric softener and sour combination that controls pH and keeps linens soft and bright. Formulated to control yellowing from iron water. Reduces static electricity and wrinkling and aids in processing linens through ironers and high speed folders.

Unique blend of laundry softener, conditioner, and neutralizing ingredients.

Reduces drying time by providing more complete water extraction.

Lubricates fibers to reduce friction, eliminating static electricity.

Leaves linens soft and fresh with a pleasant fragrance.

Certified by the U.S. Environmental Protection Agency's Safer Choice program and contains ingredients with more positive health and environmental characteristics than conventional products.

EPA recognition does not constitute endorsement for this product. The Safer Choice logo signifies that the formula for this product, as Sunburst has represented to the EPA, contains ingredients with more positive health, safety and environmental characteristics than conventional cleaners. EPA/Safer Choice relies solely on Sunburst, its integrity and good faith, for information on the composition, ingredients, and attributes of this product. EPA/Safer Choice has not independently identified, i.e., via chemical analysis, the ingredients in the product formula, nor evaluated any of Sunburst's non-ingredients claims. EPA/Safer Choice expresses its judgment and professional opinion only as to the environmental and human health characteristics of the product, based on currently available information and scientific understanding.

## DIRECTIONS FOR USE:

Remove cover and place upside down in the proper dispenser bowl. Conserv SG82 Solid Sour Softener is automatically dispensed into the laundry machine after the appropriate number of post-wash rinses.

Your Sunburst Chemicals representative will program the use levels for your specific application.
