

LIME REMOVER PLUS

Acid Cleaner / Descaler

CLEANING SOLUTIONS FOR THE HEALTH OF YOUR BUSINESS.

LIME REMOVER PLUS

Acid Cleaner / Descaler

LIME REMOVER PLUS is a strong acid cleaner for de-liming dish/pan washing machines, coffee makers, steam tables, sinks, stainless steel equipment or any fixtures having lime film encrustation or water spots. It is not safe for use on aluminum, galvanized surfaces, or non-formica counter tops. Also removes rust stains from fixtures or equipment.

Effective on stainless steel, ceramic, glass and plastic.

Super concentrated ingredients and penetrating agents provide maximum effectiveness.

Breaks down hard water scale on contact.

Safe to use on stainless steel - contains no muriatic, hydrochloric, or sulfuric acid.

Continued regular use helps your dishwasher, steam table, coffee maker, and ice machine perform at maximum efficiency.

Non-foaming, no sharp odors or fumes.

PACKAGING:

4 x 1 gal (#66224)

PROPERTIES:

Color - Pale Blue Liquid	Hard Water Tolerance - Excellent
Fragrance - Odorless	Rinsability - Excellent
pH - 0.5-1.5	Fumes - None
Detergency - None	Flash Point - None
Wetting - None	Corrosive Factor - Corrosive
Emulsification - None	Shelf Life - Indefinite

BAR CODE & CUBE INFORMATION:

Dimensions - 12.5 x 13 x 13.5
Weight - 43
Cube - 1.27
PKG/Layers - 9
Layers - 3
Pallet - 27
Hazardous - Yes
UPC Code - 10784331683411

SAFETY:

Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. Harmful if inhaled. Causes severe skin burns and eye damage. Harmful if ingested. For further information, consult the Safety Data Sheet.

DIRECTIONS FOR USE:

Coffee Makers: For heavy lime scale removal, use full strength. Fill water reservoir with product. Set aside until bubbling stops. Do not soak longer than 2 hours.

Routine Cleaning: Fill urn water jacket with 1 ounce of product per gallon of hot water. Heat 15 minutes. Drain and rinse well.

Stainless Steel: Apply solutions of 2 ounces of product per gallon of hot water with sponge or cloth. Rinse and wipe dry.

Ice Machines: Use 1 ounce of product per gallon of water. Defrost and dismantle machine. Brush inside and out with solution, especially water control holes. Rinse well.
