BAR CODE & CUBE INFORMATION:

Dimensions - 11 x 7 x 11
Weight - 16
Cube - 0.49
PKG/Layers - 22
Layers - 3
Pallet - 66
Hazardous - No
UPC Code - 784331118305

SAFETY:

Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. Harmful if swallowed. Causes moderate eye irritation. For further information, consult the Safety Data Sheet.

NON-ACID RESTROOM CLEANER is a ready-to-use, mild, non-acid formulation designed to clean, disinfect and deodorize toilets, urinals, sinks, and other hard, non-porous surfaces. Use with confidence that this non-abrasive formulation will be safe on nearly any hard surface. Accidental spills will not ruin clothing or carpeting. A perfect product for every day use.

The powerful odor-killing ingredients leave all surfaces pleasantly scented. Excellent for deodorizing those hard to keep fresh-smelling areas, empty garbage receptacles, all restroom surfaces or any other area prone to odors caused by microorganisms.

Bactericidal Activity:

When used as directed this product exhibits effective disinfectant activity against the organisms: Mycobacterium tuberculosis (BCG) at 20°C, Staphylococcus aureus, Staphylococcus aureus-Methicillin Resistant (MRSA), Salmonella choleraesuis, Pseudomonas aeruginosa, Enterococcus faecalis-Vancomycin Resistant (VRE), Staphylococcus aureus-Glycopeptide Resistant (GRSA), and Escherichia coli (O157:H7).

Controls mildew on hard non-porous surfaces.

No harsh acids or alkali.

For use in schools, hospitals, nursing homes, institutions, offices, hotels, and motels on any of the following surfaces:

-Toilets	-Floors	-Urinals
-Sink Tops	-Chairs	-Shower stalls
-Tables	-Cabinets	-Fixtures
-Walls	-Door Knobs	-Light Switches.

EPA Registration #8155-5-670

DIRECTIONS FOR USE:

For Cleaning and Deodorizing: To clean light soil from hard surface, dilute one part product with seven parts water. Spray and wipe clean.

Disinfection and Cleaning:

To disinfect, clean, and deodorize hard non-porous surfaces such as toilet seats, bathroom tiles, fixtures, shower stalls, tables, handrails, walls and sinks:

Spray area until it is covered with solution. Allow the product to penetrate and remain wet for 10 minutes. No scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. This product will not leave grit or soap scum. For disinfection, remove heavy soil before treatment.

One Stop Cleaning and Disinfection of Toilet Bowls and Urinals:

Remove water from bowl or urinal. Apply one to two ounces of this product evenly, allowing sufficient time for product to cover entire surface of bowl for best cleaning results. Swab bowl completely using brush or bowl mop, making sure to get under the rim. Let stand for 10 minutes and flush.
