Laundry Sour

CLEANING SOLUTIONS FOR THE HEALTH OF YOUR BUSINESS.

# PTC 505

Laundry Sour

**PTC 505** is designed to adjust the final pH in the wash cycle. It prevents scorch yellowing and speckling caused by residual detergent or alkali, and retards brown spotting. It is also a step forward in improving the environmental impact of cleaning products that were previously available for the same use.

Superior technology specifically formulated for low temperature washing.

Adjusts linens to proper final pH in laundry operations.

Eliminates scorching and speckling.

Prevents skin irritations.

Lessens fabric harshness.

Contains no phosphorus, fluorides, VOCs, APEs or NPEs.

Rapidly biodegradable.

## PACKAGING:

55 gal drum (#794355)

## PROPERTIES:

Color - Clear / Colorless	Emulsification - None
Fragrance - Vinegar-Like	Hard Water Tolerance - Excellent
pH - 0.5-1.0	Rinsability - Excellent
