Hazardous - No  
UPC Code - 10784331198549

## SAFETY:

Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. Extremely flammable aerosol. Causes severe skin burns and eye damage. For further information, consult the Safety Data Sheet.

## DIRECTIONS FOR USE:

### SHAKE WELL BEFORE USING!

Protect floor with newspapers. Do not allow cleaner to drip off closed oven door onto painted surfaces.

1. Heat oven to approximately 200° F and then turn oven off. For gas ovens, turn off burners and pilot light!
2. Hold can upright, point valve away from eyes, and spray a light, even coating on oven or other surface, from 8-12 inches away.
3. Spray sides and top of oven first, then thoroughly spray remaining oven surfaces.
4. Allow cleaner to work for 5-10 minutes - stubborn spots may take longer.
5. After cleaner has remained on surface, thoroughly rinse with potable water. Re-treat difficult spots if necessary.
6. After using this product, thoroughly rinse all cleaned surfaces with potable water then place back in oven.
7. Pre-heat cleaned oven for 10 minutes before using.
8. In case of skin contact while spraying, wash with soap and water.
