SOLID GREEN 24

Solid Biological All-Purpose Cleaner

PACKAGING:

1 x 3.25 lbs/case (#1624S1)

PROPERTIES:

Color - Yellow	Hard Water Tolerance - Excellent
Fragrance - Lemon	Emulsification - Excellent
pH - NA	Rinsability - Excellent
pH, Use Solution - 8.0-10.0	Corrosive Factor - Non-Corrosive
Detergency - Excellent	Shelf Life - 1 year
Wetting - Excellent	

BAR CODE & CUBE INFORMATION:

Dimensions - 5.25 x 5.25 x 7.5
Weight - 4
Cube - 0.12
PKG/Layers - 42
Layers - 7
Pallet - 294
Hazardous - No
UPC Code - 10784331162411

SAFETY:

Read label carefully before use. For industrial and institutional use only. Keep out of reach of children. Causes eye and skin irritation. Harmful if swallowed. For further information, consult the Safety Data Sheet.

SOLID GREEN 24 is a multi-purpose product for any surface not harmed by water. The combination of biologics and cleaning agents will perform especially well in restroom cleaning applications, and also in those hard to clean areas of the kitchen which are often times the source of odors. Biological agents continue to consume and break down soils on the surface for continued cleaning and odor control even after the job is finished.

Rinses easily and leaves no residue or film. All of the ingredients in SOLID GREEN 24 are rapidly biodegradable and safe for the environment.

100% active material - No water or fillers added.

Made exclusively with ingredients that are environmentally friendly.

Heavy duty surfactants, oil and grease removers, detergents, and water conditioning agents lift and carry away soils on a variety of surfaces.

Biological agents added to destroy odors and decompose soils after cleaning.

Certified Salmonella free.

Non-caustic, non-corrosive - very safe to use.

Contains no phosphorus, VOCs, APEs, or solvents.

Excellent cleaning performance in a wide variety of applications - auto scrubbers, trigger sprayers and wipes, foamy pressure wash or manual scrub.

Use to clean bathrooms, food preparation equipment, floors, tables or any hard surface.

Unique solid system saves space, eliminates container handling and disposal problems, dispenses accurately and reduces use cost.

Each capsule yields 130-520 gallons of use solution.

DIRECTIONS FOR USE:

Floors, Walls, Restroom Fixtures: Apply cleaning solution by mop, spray or towel. Rinsing is not required.

R2U Dispenser: Turn valve to "on" position. Fill container to desired level and turn valve to "off" position.

P4C Dispenser: Fill the container to desired level with water, then push button in and release to add chemical concentrate.

Master Blaster: Remove cap. Place upside down in dispenser. Apply thoroughly to surfaces being cleaned. Rinse with potable hot water.

Heavy Duty Cleaning: Mix stronger solution by using either more concentrate or less water. Mop or scrub surfaces. Rinse with clean water.
