SPECTRUM

Solid Sour Softener

SPECTRUM is a unique fabric softener and sour combination that controls pH and keeps linens soft and bright. Formulated to control yellowing from iron water. Reduces static electricity and wrinkling and aids in processing linens through ironers and high speed folders.

Unique blend of laundry softener, conditioner, and neutralizing ingredients.

Reduces drying time by providing more complete water extraction.

Lubricates fibers to reduce friction, eliminating static electricity.

Leaves linens soft and fresh with a pleasant fragrance.

One capsule yields approximately 400 (50 lb) loads.
