

SUNLITE

Powdered Chlorine Bleach

CLEANING SOLUTIONS FOR THE HEALTH OF YOUR BUSINESS.

SUNLITE

Powdered Chlorine Bleach

SUNLITE is a granular bleaching compound, effective for use as a stain removing agent in laundry operations to brighten colored fabrics, and remove stains from linens.

Effective destaining action.

Fast-acting.

Free rinsing.

Rapid Solubility.

PACKAGING:

50 lb drum (#733050N)

PROPERTIES:

Color - White Powder	Hard Water Tolerance - Excellent
Fragrance - Chlorine	Rinsability - Excellent
pH - NA	Fumes - Mild Chlorine
pH, Use Solution - 11.0-12.0	Flash Point - NA
Detergency - Low	Corrosive Factor - None
Wetting - Low	Shelf Life - 1 year
Emulsification - Low	

BAR CODE & CUBE INFORMATION:

Dimensions - 14x14x16
Weight - 54
Cube - 1.815
PKG/Layers - 12
Layers - 2
Pallet - 24
Hazardous - No
UPC Code - 784331198567

SAFETY:

Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. Harmful if swallowed. Harmful if in contact with skin. Causes skin burns and eye damage. May cause respiratory irritation. For further information, consult the Safety Data Sheet.

DIRECTIONS FOR USE:

Generally used at a level of 1/4 cup of product per 10 gallons of water in the bleaching operation. This level can vary slightly depending on the type and color of fabric, the type of machine, the size of lead, and the amount of soil or stain to be treated.

For optimum performance, the bleaching temperature should be 155 degrees Fahrenheit, and the water should be moderately alkaline. Bleaching is to be followed by two rinses, minimum.
