

ULTIMA SPARKLE

Universal Rinse Aid

CLEANING SOLUTIONS FOR THE HEALTH OF YOUR BUSINESS.

ULTIMA SPARKLE

Universal Rinse Aid

ULTIMA SPARKLE is injected into the final rinse of either high or low temperature machines. Its sheeting action inhibits formation of water spots and speeds up drying of dishes. Excellent performance even in tough water conditions. Reduces lime scale build-up in the rinse section of the dishwasher. This premium rinse additive out-performs all others.

Contains concentrated drying agents to make clean dishes dry faster.

High concentration means lower use cost.

For use in high or low temperature machines.

Leaves dishes spotless and film free.

Contains special ingredients that gives excellent results even in the toughest hard water conditions.

Contains no phosphates.
